V	S	D	Mi Día Favorito es: My Favorite Day is

Game: Put the three little papers upside down on three consecutive days of the week. **SAY OUT LOUD** the days that you are choosing. Flip the little papers over, find out what day of the week corresponds to "Hoy es" and **SAY IT OUT LOUD**, based on THAT day, see if the other two placements are on the correct day.

The first one to get the three day-descriptions to make sense based on their placement wins!
